

# Your Soul

## RHODES

[Verse 1]

I see you on the blue skies  
I need a little sunshine  
I fell into your brown eyes  
I told you I was your light

[Pre-Chorus]

No, I don't wanna talk about it  
I don't wanna listen all that much  
Is it falling apart?  
I don't wanna talk about it  
I just wanna hold your hand

[Chorus]

Oh, you know when you're alone  
I'm holding on  
And on and on and on  
Oh, you know when you're alone  
I'm holding on  
And on and on and on  
To your soul  
Your soul

[Verse 2]

So shy  
You must have been so tired  
Don't cry  
I must have been so blind

[Chorus]

Oh, you know when you're alone  
I'm holding on  
And on and on and on  
Oh, you know when you're alone  
I'm holding on  
And on and on and on  
To your soul  
Your soul  
Your soul

Your soul

[Pre-Chorus]

No, I don't wanna talk about it  
I don't wanna listen all that much  
Is it falling apart?  
I don't wanna talk about it  
I just wanna hold your hand

[Chorus]

Oh, you know when you're alone  
I'm holding on  
And on and on and on  
Oh, you know when you're alone  
I'm holding on  
And on and on and on  
To your soul  
Your soul  
Your soul  
Your soul

[Breakdown]

To your soul  
Your soul  
Your soul  
Your soul

[Outro]

No, I don't wanna talk about it  
I just wanna hold your hand
