Chanson Pour Les Petits Enfants

By: Jimmy Buffett

1979

[Song for the little children]

Now young Mister Moon flew away in the night
With his best friend Magnus right by his side
They soared through the Milky Way counting the stars
Once around Venus twice around Mars Then they spied an island rise out of the sea
They fell back to Earth just as free as you please
The children all gathered the church bells did ring
Suddenly everyone started to sing Chorus:
Chanson pour les petits enfants
Chanson pour tout le monde
Chanson pour les petits enfants
Chanson pour tout le monde
Queen of the island she welcomed them in
Asking 'em questions of where they had been
She offered 'em chocolate she offered them tea
They all took their seats in the top of a tree And racoons brought wine and the mice they
brought cheese
Beautiful birds floated by on the breeze
From out in the oceans the dolphins began
Humming a tune that soon covered the land Chorus:
Chanson pour les petits enfants
Chanson pour tout le monde
Chanson pour les petits enfants
Chanson pour tout le monde So young Princess Leia brought coral and pearls
Gifts to the travelers from some other world
The Bushdoctor mixed up a magical spell
Swore them to secrecy never to tell
So young Mister Moon flew away in the night
With his best friend Magnus still right by his side
The sun was just rising, they'd be home by noon
Humming the words to this magical tune Chorus:
Chanson pour les petits enfants
Chanson pour tout le monde
Chanson pour les petits enfants
Chanson pour tout le monde Chorus:
Chanson pour les petits enfants (Song for children)
Chanson pour tout le monde (Song for the world)
Chanson pour les petits enfants (Song for children)

Chanson pour tout le monde (Song for the world)
