

Booty (feat. Iggy Azalea)

Jennifer Lopez

Big, big booty
What you got a big booty
Big, big booty
What you got a big booty
Big, big booty
What you got a big booty
Big, big booty
What you...
Big, big booty
What you got a big booty
My baby
Your gorgeous
I mean you're mine
You're sexy
But most of all you are just absolutely booty-full
Have you seen her on the dancefloor
She got the boom, shake the room
That's the lightning in the thunder You wanna meet her, you wanna touch her See the light in her
eyes
And it starts to make you wonder
All the sexy girls in the party Go and grab a man
Bring him to the dancefloor Go and light them jeans
Don't you worry you're dancing
It's his birthday
Give him what he ask for
Let me show you how to do it
Big, big booty
What you got a big booty
Work
Big, big booty
What you got a big booty
Shake that Big, big booty
What you got a big booty
Big, big booty What you...
The way she moves
I know you want her
She like the fire, get you right That's the lightning in the thunder
You wanna meet her, you wanna touch her
Hold on tight for the ride
Cause you know you're gonna love her
All the sexy girls in the party
Go and grab a man

Bring him to the dancefloor
Go and light them jeans Don't you worry you're dancing
It's his birthday
Give him what he ask for
Let me show you how to do it Big, big booty What you got a big booty
Work
Big, big booty
What you got a big booty Shake that
