Berner

[Hook: Berner]

The whole damn world know the plug name
The whole damn world know the plug name
We flip rap money and the drug game
We flip rap money and the drug game
The whole damn world know the plug name (yeah)
The whole damn world know the plug name
We flip rap money and the drug game
We flip rap money and the drug game

[Verse 1: Berner]

Bricks, yeah we ride foreign whips
And fuck with model chicks (model girls on my dick)
Man I'm way too rich, all these bitches on my dick
Young Bern boy I hop out High School drop out
Yeah I'm bout to cop out, 25 pounds from my young bull
I set the bitch down and my tank full
I don't play around boy I been right
Money coming in boy I been high
Looking out my window like Malcolm
AK and the crib in the mountains

[Hook: Berner]

The whole damn world know the plug name
The whole damn world know the plug name
We flip rap money and the drug game
We flip rap money and the drug game
The whole damn world know the plugs name (yeah)
The whole damn world know the plug name
We flip rap money and the drug game
We flip rap money and the drug game

[Verse 2: Berner]

Damn my gun won't jam (no way)
And I just planted 200 plants on tribal land (god damn)
Man I'm on my fed shit feds wanna pop me, pimps wanna knock me, Hoes wanna top me
I'm way too sloppy, me and Carlos Rossi
But I'm still Mafie (Mobbin')
Young Bern I'm the plug bitch
You smell the soap when the buds lit
You hear the guns when the guns click
You see the hoes and they dumb Thick

[Outro: Berner]

The whole damn world know the plug name
The whole damn world know it, yeah
We flip rap money and the drug game
We flip rap money and the drug game
The whole damn world know the plug name
The whole damn world know it, yeah
We flip rap money and the drug game
We like to flip rap money
