

Say Less

Jean Deaux

[Chorus]

Say Less

Coming up, runnin up payments

None of them pay less

Got the funk, hate it

Runner-up, One it up Play it

And I dont wanna match it

Face it

Im faded

Wanna look all you want and Im waiting boy

What you want? are you drunk?

Say it

Im a killer now you baitin

Im a winner, hold for your placement

Tell a nigga dont roll if he not skatin

And now you wanna ignite/knight it

Take a knee and I'll be inviting

Take a knee and I'll be inviting

[Verse]

Posi-tivi-tively done done

Tippy toe-ing on the floor boards
We can take it to the four door
Baby put it on the score board
Heard my whispers thru the corridors
When I arch they can't ignore yours
Had him whimpering to more snores
Tryna get me kicked out, when i air this bitch out

I may be young but I do know enough
Got that ride, bruja eyes, feel too seance'ey
I came with wins to change the winds but they not showing up
Can I get some sign?
Clear these lines, let them balance me

[Bridge]

Had to let them know
Sugared wisdom take the teeth away
Sauce say drip drop, raw
Its organic cuz I made it
They say whats the law?
Wanna dip and taste the real but baby
They just not my boss
I make the profit cuz I weigh it

[Chorus]

Say Less

Coming up, runnin up payments

None of them pay less

Got the funk, hate it

Runner-up, One it up Play it

And I dont wanna match it

Face it

Im faded

Wanna look all you want and Im waiting boy

What you want? are you drunk?

Say it

Im a killer now you baitin

Im a winner, hold for your placement

Tell a nigga dont roll if he not skatin

And now you wanna ignite/knight it

Take a knee and I'll be inviting
