

# Surface Tension

## Teminite & PsoGnar

[Verse]

Liquid lover  
Froze this water into stone  
In many tones  
Fear uncovered  
Melts this molting ray of gold  
Let it row  
I feel us sinking  
Low, like surface tension in you  
Woah-oh, feels much better down be-  
Low, like surface tension in you  
Woah-oh, feels much better here below

Like surface tension  
Here we go!

[Drop]

Let it row  
I feel us sinking  
Like surface tension  
(It's Teminite)

[Verse]

Liquid lover  
Froze this water into stone  
In many tones  
Fear uncovered  
Melts this molting ray of gold  
Let it row  
I feel us sinking  
Low, like surface tension in you  
Woah-oh, feels much better down be-  
Low, like surface tension in you  
Woah-oh, feels much better here below

Like surface tension  
Here we go!

[Drop]

Let it row

I feel us sinking  
Low, like surface tension in you  
Woah-oh, feels much better down be-  
Low, like surface tension in you  
Woah-oh, feels much better here below
