[Verse]

They was tryna get in my mind because they see the shine

Actin' like some snakes and some swine

Don't waste my freakin' time

Half of my spent days are in my head, I ain't gon' lie

Appetizing plates of dinner, I'm fed, I'm makin' my-

Stacks of paper, payin' my homage to [?]

She raised me the finest, for pavin' my way

And I'm gettin' it honest

My nigga, I'm happy I ain't made it to college since Renaissance

Keep me great, 'cause I been feelin' accomplished

I've been patient, I live in a good mindset

I'm amazing, grind with an empty stomach

And it's aching, y'all niggas love to hate while commentatin'

Y'all switch up like subjects in conversation

To kiss up some buttcheeks for higher payment

[Outro]

Hey, hey, hey, hey

What, what
