

Too Simple

Tristram & Stephen Walking

I don't really wanna drive home
But as soon as I arrive home
Yeah I've moved on
Some things in life are too simple
Some things in life are too simple I don't really wanna drive home
But as soon as I arrive home
Yeah I've moved on
Some things in life are too simple
Some things in life are too simple Some things in life are too simple
Some things in life are too simple
I don't really wanna drive home
But as soon as I arrive home
Yeah I've moved on
Some things in life are too simple
Some things in life are too simple I don't really wanna drive home
But as soon as I arrive home
Yeah I've moved on
Some things in life are too simple
Some things in life are too simple Some things in life are too simple
Some things in life are too simple Too simple I don't really wanna drive home
But as soon as I arrive home
Yeah I've moved on
Some things in life are too simple
Some things in life are too simple
I don't really wanna drive home
But as soon as I arrive home
Yeah I've moved on
Some things in life are too simple
Some things in life are too simple
