

You and Me (feat. Chris Boomer)

SOJA

It's you and me, it's always been
...
And how I feel about you, there's no end, end
...
But you make me chase you around, all around
...
And then you need me there when you fall down, down
...
And when this dance is done
You and me are still the only one
...
Well since our time begun
And I'm still with you even when your gone
When this dance is done
You and me are still the only one
...
Well since our time begun
And I'm still with you even when your gone
...So I start it, and you stop it I want it knowing that you're walking away
...
I start it, and you stop it
I want it knowing that you're walking away
...
I start it, and you stop it
I want it knowing that you're walking away
...
I start it, and you stop it
Ya-e ya-e yah-a
It's you and me, and where back again
...Don't introduce me to all your new friends
...
Why do you make me chase you around?
...
Why do your words make me not make a sound, sound?
...
And when this dance is done
You and me are still the only one
...
Yes since time begun
I'm still with you even when your gone
When this dance is done
You and me are still the only one

...
Yes since time begun
I'm still with you even when your gone

...
I start it, and you stop it
I want it knowing that you're walking away

...
I start it, and you stop it
I want it knowing that you're walking away
I start it, and you stop it
I want it knowing that you're walking away

...
I start it, and you stop it
Ya-e ya-e yah

...
