

Cliff's Edge

Hayley Kiyoko

[Verse 1]

Swing a little further, higher
Underneath the big top trees
Scrape my knees, whatever, ah
I'mma gonna let them bleed
Got no turning back, I'mma flirt with that

[Refrain]

Get a little closer
Get a little closer

[Chorus]

Cliff's edge, you turn me on
You lead me on
You got me on a
Cliff's edge, where I belong
You got me on
You turn me on
I wanna feel that sea breeze
I wanna feel that sea breeze

[Verse 2]

Love until we burn up, fire
Do whatever gets you seen
Kiss me with adventure, ah
Until I forget my name
Chills run down my back, I'mma flirt with that

[Refrain]

Get a little closer
Get a little closer

[Chorus]

Cliff's edge, you turn me on
You lead me on
You got me on a
Cliff's edge, where I belong
You got me on
You turn me on
I wanna feel that sea breeze

I wanna feel that sea breeze

[Bridge]

Closing in, closer to you
This could take all night
Caving in, crumbling in your
Hips, your lips, they're mine
Closing in, closer to you
This could take all night
Caving in, crumbling in your
Hips, your lips, they're mine

[Chorus]

Cliff's edge, you turn me on
You lead me on
You got me on a
Cliff's edge, where I belong
You got me on
You turn me on
I wanna feel that sea breeze
I wanna feel that sea breeze

[Outro]

I wanna feel that sea breeze
I wanna feel that sea breeze
