

# Lazarus (feat. Thi'sl)

Trip Lee

Boy I hopped up out the grave, Good Morning!  
Had been sleeping for too long, I'm yawning  
Ever'body talking tryna seeing me  
Disbelief like "How he breathin? He was six feet deep!"What ya sayin?  
Hold up shut ya mouth  
Dead man can't holla what you talkin 'bout?  
Cause once you through that door it ain't no walkin out  
Let me teach you 'bout your time in my coffin now  
I know you smell it in the air  
Cause I been in the grave for too long I swear  
People crying, I'm listening  
Obituary been written  
My face pale, They can't tell  
Your boy 'bout to be risen  
Your supposed to call the preacher, he's so gone  
It's over can't nobody reach him, so so long  
Hey but hold on, before you cry and run out  
Cause somebody coming saying something come out  
Wake'em! Wake'em Up Now! Hopped up out the grave, Good Morning!  
I been sleeping for too long, I'm yawning  
They bury me, black suit, black tie  
I'm alive and I woke up looking fly  
So from now on  
From Now on you can call me Lazarus From a Dead man walkin to the risen ones  
From Now on you can call me Lazarus From a Dead man walkin to the risen onesThey got a  
missing person report and they can't find the body  
Let 'em tell the story, I was shot up at a party  
Or was I high-speeding on a bike?  
Head on to a truck, high speed for life  
You can tell it any way you like  
Any story homie I was raised up by the Christ  
Still dead man walking, Green Mile  
Go and check my grave it's been cleaned out  
Now come and look into my eyes bro  
You can see the fire go and tell 'em I'm alive bro  
Full of power like a wire bro  
God connected to me like some cables and I'm fired up  
Dead men don't talk, Dead lies aren't truth, Dead men don't walk  
So what that means for me is that they signed off  
On my death warrant but I was raised boy and dried off  
Hopped up out the grave, They ain't think that He could do it but He did it now  
I mean The Captain, The Almighty Lord

Setting captives free, all aboard (all aboard)  
Can't stop Him when He got His mind made up  
He don't like that grave, sayonara see you later  
He make the blind see and got the lame up  
So it's no surprise He can raise us  
(Wake 'em) Wake 'em up now ---Believe us when your life is lookin' tough now  
When you at your all time low  
Don't forget that power that He already show
