

# The Time I've Wasted

[Kree Harrison](#)

I could have walked around the world a couple times  
I could have swam across the ocean and back again  
Made a wish on every star that Galileo drew  
For all the time I've wasted on you I could have drowned 'em in the beers in Mexico  
Counted every piece of gravel on a long county road  
Sailed that slow boat down to China, right up to the moon  
For all the time I've wasted on you Time goes by  
When it's gone, it's gone and you realise  
Time just lies  
You did not move on no, you just cried  
You just cried  
Could have filled the Mississippi river with my tears  
No telling what I would have done with all these years  
I could have dug out the Grand Canyon with a spoon  
Yeah, for all the time I've wasted on you Time goes by  
When it's gone, it's gone and you realise  
Time just lies  
You did not move on no, you just cried  
You just cried  
For everything I've lost, I'm not mad at love  
I'd even give it on more day if I thought it'd be enough  
I could've served five life sentences for a crime I didn't do  
For all the time I've wasted on you  
Yeah, for all the time I've wasted on you
