

be what you wanna be make no excuses  
You gotta do it, (do)  
you gotta do it your way (what you wanna do)  
To gotta prove it (say) You gotta mean what you say (what you wanna say)  
You gotta do it, (go)  
you gotta do it your way (where you wanna go)  
You gotta prove it  
You gotta mean what you say (just do it, ohh) Let's get loud, let's get loud Turn the music up to  
hear that sound  
Let's get loud, let's get loud  
Ain't nobody gotta tell you  
What you gotta do  
Let's get loud, let's get loud  
Let's get loud, let's get loud  
Let's get loud, let's get loud  
Turn the music up to hear that sound  
Let's get loud, let's get loud  
Ain't nobody gotta tell you  
What you gotta do  
You didn't know I could do that did ya
