

# Come Over (feat. James Fauntleroy)

## Nipsey Hussle

Shout to Crenshaw girls  
You got the real ones  
You know like the ones that went to Crenshaw highschool  
Yeah you.  
Nipsey said this for yall  
Girl listen  
Girl if you wanna go play, you can come over  
Lady you know that I'm now,  
Tell me if you wanna stay, start on this elevator  
You know is around.  
Girl if you wanna go play, you can come over  
Lady, look on our way, we can come over lady  
Whatever, girl like you become right now, now.  
Just waiting on you, know you're running late, baby  
You're working so hard, you deserve a break  
Girl I'll break you away never do any  
Girl you can take my Mercedes  
Girl if you wanna go play, you can come over  
Lady you know that I'm now,  
Tell me if you wanna stay, start on this elevator  
You know is around.  
Girl if you wanna go play, you can come over  
Lady, look on our way, we can come over lady  
Whatever, girl like you become right now, now. Yeah, we can go out, real on nation slick baby  
You can show out, I ain't trippin' let em say  
But when you get home whenever you're ready  
Show you I appreciated.  
Girl if you wanna go play, you can come over  
Lady you know that I'm now,  
Tell me if you wanna stay, start on this elevator  
You know is around.  
Girl if you wanna go play, you can come over  
Lady, look on our way, we can come over lady  
Whatever, girl like you become right now, now. Yeah yeah, you know I'm the shit,  
You know I'm the reason, you know real niggas exist,  
If I don't do nothing, you know I'm gonna do it big,  
You gonna do it big on 'cause I'm your [?]  
Yeah yeah, you know I'm the chat  
You know I'm the reason you rock rollies on your wrist,  
I know it's a gamble don't be scared to take that risk,  
We're f\*cking with the star so don't be scared to make that wish, yeah  
Yeah and I know that you that bitch  
I know that time you fell like niggas with the shit,  
And I'm not sayin' I can take your working hard and fix,  
I'm just sayin we should take a trip. Girl if you wanna go play, you can come over

Lady you know that I'm now,  
Tell me if you wanna stay, start on this elevator  
You know is around.  
Girl if you wanna go play, you can come over  
Lady, look on our way, we can come over lady  
Whatever, girl like you become right now, now.
