

# Sound of Silver

## LCD Soundsystem

Sound of Silver talk to me  
Makes you want to feel like a teenager  
Until you remember the feelings of  
A real live emotional teenager  
Then you think again  
Sound of Silver talk to me  
Makes you want to feel like a teenager  
Until you remember the feelings of  
A real live emotional teenager  
Then you think again  
Sound of Silver talk to me  
Makes you want to feel like a teenager  
Until you remember the feelings of  
A real live emotional teenager  
Then you think again  
Sound of Silver talk to me  
Makes you want to feel like a teenager  
Until you remember the feelings of  
A real live emotional teenager  
Then you think again  
Sound of Silver talk to me  
Makes you want to feel like a teenager  
Until you remember the feelings of  
A real live emotional teenager  
Then you think again
