

Settle Down

LANKS

[written by LANKS]

[produced by LANKS]

[mixed/mastered by Andrei Eremin]

[Chorus]

Settle down, it is only love

Settle down, it is only love

Settle down, it is only love

Settle down, it is only love

[Verse 1]

I hear you sit atop your pile of gold

You never told me, you were so spoiled

Crowned and held to your throne by a thin cord

With paranoia embroidered

Joy at the words that I'm gone

You're alone, but for slaves by your side

A manic joy

Through your withered black piercing eyes

[Chorus]

Settle down, it is only love

Settle down, it is only love

Settle down, it is only love

Settle down, it is only love

[Verse 2]

I feel your breath on my sinned hallowed skin

And it burns at your touch

A cold silver sting when the ice holds me in

I'm a prisoner of lust

Feathers of gold and the fire that I've grown

It, it helps me regain

A fierce new resolve

And completely absolves me of blame

[Chorus]

Settle down, it is only love

Settle down, it is only love

Settle down, it is only love

Settle down, it is only love
