

# Invincible

Stuart Davis

Friend

I am with you when you cry  
closer to your face  
than the water in your eyes

Cry

those tears become my own  
I know that you are homesick  
even though you're home

I whisper in your ear  
"You are already free"  
Soon you will laugh  
and remember that you're me  
You were never lost  
the Heart was always full  
The Heart is all there is  
Invincible

Friend

I am with you when you weep  
when both your eyes are closed  
and you don't know you're asleep

Dream

at night you dream of harm  
You dream that you are lost  
but you're sleeping in my arms

I whisper in your ear  
"you are already free"  
Soon you will wake up  
and remember that you're me  
You were never lost  
the Heart was always full  
the Heart is all there is  
Invincible
