

Reborn to Rebel

Ski Mask the Slump God

Ayy (Haha)

N-O

Hell no (Ayy, ayy, ayy, ayy, ayy)

Yuh, yuh, yuh, uh (Ayy) I met the devil, my soul I'm not sellin', but hello

Run Armageddon, your soul are you sellin'? N-O

Snorlax, I'm lazy, come tickle me baby, Elmo

Let's start a riot, fuck if you tired, yell out I don't care if you don't care, we don't

I don't care if you don't care, we don't

Life ain't fair, we ain't scared, we know

I don't care if you don't care, we don't

And for us to survive

We need to uprising our people (Yup)

Must sanitize the thought

Of demise of freedom (Yup)

Like Allstate, you're in good

Hands with me though

Taking our children

They got us searchin' like for Nemo (Yuh)

I won't take no shit from

The government (Ah, woah)

They been had plans for this

Wasn't suddenly (Ah, woah)

And any time I can

I take the system's hand and crumble it

Whenever you can make a difference

Yell it out, don't mumble it

I distract myself from the world

To stay in my element

The heart I carry takes on the

Weight of good people's negligence

So if the government don't give a shit

You can't stay mad again

'Cause we already feel the same

Way about how they handle shit

Uh, I met the devil, my soul

I'm not sellin', but hello (Hello)

Run Armageddon

Your soul are you sellin'? N-O (N-O)

Snorlax, I'm lazy

Come tickle me baby, Elmo (Elmo)

Let's start a riot, fuck if you tired, yell out

(Yuh, yuh, yuh, yuh, yuh) I don't care if you don't care, we don't (Grrr)

I don't care if you don't care, we don't (Grrr)

Let's start a riot, fuck if you tired, yell out I don't care if you don't care, we don't
I don't care if you don't care, we don't
Life ain't fair, we ain't scared, we know
