

# I Don't Know Why

NOTD, Astrid S & Ellis

Following a feeling  
Got no reason I should show up here tonight  
Here tonight  
And I'm hoping for a signal  
But I'll settle for your body in my mind  
In my mind Starts as innocent but moves so quickly, so quickly  
Yeah, when you look at me I must be dreaming Oh I don't know why, no, I don't know why  
The room keeps shaking  
Put your arms around me  
And the walls start breaking  
Tell me that you found me  
And my world starts changing  
I see it all in my mind  
Oh I don't know why, no, I don't know why  
The floor keeps spinning  
Whisper in my ear that I'm  
The one you need and  
Touch me like I've never  
Even felt this feeling  
Baby, I wish you were mine  
Oh I don't know why, no, I don't know why Started as a fantasy  
But I found it so hard to push it down  
Push it down  
How at any given moment  
I would say your name so I could hear the sound  
Hear the sound  
Starts as innocent but moves so quickly, so quickly  
Yeah, when you look at me I must be dreaming Oh I don't know why, no, I don't know why  
The room keeps shaking  
Put your arms around me  
And the walls start breaking  
Tell me that you found me  
And my world starts changing  
I see it all in my mind  
Oh I don't know why, no, I don't know why  
The floor keeps spinning  
Whisper in my ear that I'm  
The one you need and  
Touch me like I've never  
Even felt this feeling  
Baby, I wish you were mine  
Oh I don't know why, no, I don't know why

Starts as innocent but moves so quickly, so quickly  
Yeah, when you look at me I must be dreaming Oh I don't know why, no, I don't know why  
The room keeps shaking  
Put your arms around me  
And the walls start breaking  
Tell me that you found me  
And my world starts changing  
I see it all in my mind  
Oh I don't know why, no, I don't know why  
The floor keeps spinning  
Whisper in my ear that I'm  
The one you need and  
Touch me like I've never  
Even felt this feeling  
Baby, I wish you were mine  
Oh I don't know why, no, I don't know why
