Hey Ma (feat. Alex Velea)

Claydee

Hey ma

I know you like the game

Come out and play now

Cause my heart is yours

Take care now

Got a winning hand

So come on and play now, play now

Hey ma never seen a girl

Looking like you do

Hey ma when i close my eyes

I dream of you

Hey ma let me give you all i can

Let me be your biggest fan

Baby try and understand

Hey ma

I know you like the game

Come out and play now

Cause my heart is yours

Take care now

Got a winning hand

Hey ma you belong to me

I belong to you

Hey ma we can drive around

And i'll guide you through

Hey ma i'll be taking care of you

And i hope you'll do it too

Baby life is a game for two

Cause you kno' I'm a ladykillah

Nobody realah

Hermano Loco cause i gotta pay my billah

Fire on the track like a lion out of cage

If u wanna feel this sh*t is the golden age

All i ever needed in my life

The only one who gets me right

If you let me then come on tonight

I'm gonna make you feel right

Hey ma
I know you like the game
Come out and play now
Cause my heart is yours
Take care now

Got a winning hand

So come on and play now, play now

Just let me tell you one more time

How beautiful you are

I look up to the stars

And all i see is us

So tell me baby

How much you want me

Hey ma

I know you like the game

Come out and play now

Cause my heart is yours

Take care now

Got a winning hand

So come on and play now, play now
