

# Beautiful Monster

## Thi'sl

[Intro: Skrip]  
I can't escape  
I can't run away  
I'm not strong enough  
To say so long  
You're a beautiful monster

[Verse 1: Thi'sl]  
Yeah everywhere I go  
Its like I can't get away from you  
Everywhere I turn it seems like I'm facing you  
No matter how far I go  
There is no escaping you  
Find myself doing the very things that I hate to do  
You, you, I'm sick of your lies  
You decieve me, trying to ruin my mind  
Life it can't be  
I've got to break free  
I know you hate me but I keep on pursuing you  
Ooh, ooh, its like I can't breathe  
Sweet melodies tryin' to hypnotize me  
I smell your poison and it smells so sweet  
But I ain't tryin to go where you lead my feet  
No, no, I got to let go  
I don't want to love you no mo'  
My soul's been bought, it hasn't been sold  
You're so beautiful, but you're a monster

[Chorus: Skrip]  
You're a beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster

[Verse 2: Thi'sl]  
I can't believe that you would even  
Have the audacity  
To help me fall  
To turn around and laugh at me  
Chasing you will lead to all types of blasphemy

I mess around and catch a murder case  
Like cassidy  
El, el, ain't gon' lie  
You were my life like Mary J. Blige  
But I ain't gon' cry  
I know how you do  
Laugh all you want to  
Nah cuz I'm through wit you  
Oh, oh, I'm sick of your lies  
I'm sick of your lust  
And I'm sick of your pride  
A war goin' on now  
Where you gon' hide  
And I've been set free  
Read Galatians five  
Oh, oh, I had to let it go  
Baptized in the Lord, not a slave no mo'  
My life been bought, it hasn't been sold  
You're so beautiful, but you're a monster (you're ugly)

[Chorus: Skrip]

You're a beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster

[Verse 3: Swoope]

Ahh, she's a, she's a, she's a  
She's a vision of perfection  
I swear she is  
In the mirror is my reflection  
And there she is  
My lust and desires  
Up in her prom dress  
Body of a goddess  
Trapped in a lockness monster  
'Crae told me she a killa  
Untouchable its crazy  
Though I still feel her  
Evil, wicked, deceitful, sinister  
But I'm still tempted to keep giving in to  
The lust in her eyes  
Death on her tongue  
Chest full of pride  
Breasts got me sprung  
Nothing but destruction on her mind

But whats to keep me thinkin' that its  
Loving all the time  
She told me that we could make love  
Under the sunset  
And when the night falls  
We can name my son death  
She calls my heart home  
Finally got the context  
That she's beautiful  
But I'm the monster

[Bridge]

You're a beautiful monster  
You're no good for me  
You're a monster  
But you're beautiful  
And I know  
You're not what it seems  
Noooo

[Chorus: Skrip]

You're a beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
A beautiful monster  
You're a beautiful monster
