

# Slave

## Tritonal

I need more than  
You need me don't you  
Pretend that you don't mind  
I'm gone without you  
You feel without me  
Your life would just go on  
I'm a slave to your love  
But I don't mind  
Cause you make me feel safe  
I'm a slave to your love  
But I don't mind  
Cause you make me feel so happy  
Take me to the end  
I'll chill about the side  
Watch me fall for you  
Until we'll chill  
We brought it down  
On the pavement  
I'll need you now  
To break my fall  
I'm a slave to your love  
But I don't mind  
Cause you make me feel safe  
I'm a slave to your love  
But I don't mind  
Cause you make me feel so happy
