

Ka-Boom!

Dark Lotus

Dark Lotus

(Lotus)

I can make it thunder

(Dark Lotus make it thunder)Madrox:

Don't be looking to the sky for birds or planes

All you'll find is the Dark Lotus spittin' the Black Rain

Body slamming each other on clouds

Making electrical sparks that can be seen for miles

In the depths of the dark, 'til we stomp the clouds

With thunderous roar

That's when bolts start flyin' and rain starts to pour

Where you gonna run from? Up here we gotta clear view

And with electrical bolts you know that we gonna spear you.

Violent J:

I got a 15 pound sledge hammer that I burry into domes

Of people in them unlock tombs

And fuck a headache I pop heads like grapes

And I keep swinging at it until the bed breaks

I make it boom, I'm always spending bloody money

And if my mom found out how I got it

She wouldn't love me

It's over quick, I blow the brain matter out your ears

And leave the bloodiest crime scene the mother fuckers seen in years. Chorus x4:

I can make it thunder

Kaboom!

(Shake the ground)

Monoxide:

Explosive and I can split the ground

I'm that crazy mother fucker that just walked into town

With a backpack full of C4

And your backpack's full of whack raps cause it's all that your good for

Push the button, I dare you, go ahead and do it

And fuck it, I'm about to lose it

And show you to step to it

I blew it up, and then I walked away clean

I wiped the block like slate and a house on a scene Shaggy:

Don't make me jump up and put Zeus in a headlock

There step my foot and make the earth crack, no this

My hatchet blade is sharp as a razor

And split the spine of many a hater

When we roll this deep with six petals

And bang more heads together then heavy metal

When my hands hit your neck, you're gonna feel a grip
And when I go to Hell
I'm gonna pimp the devil like a B-I-itch
Chorus x4:
I can make it thunder
Kaboom!
(Shake the ground)
Blaze:
Feel the Earth shake when my feet penetrate the ground
The Dark Lotus sniper shaking clouds bringing the thunder down
Forget about the scope, more like a psycho killer
There ain't no method to my madness
I only like to murder
It's cool to see bitches tryin to run, they won't get far
They just a moving targets, and we aiming for the heart.
Bullets rain down like spurts of flash flood
And 30 people lie in pools of their own blood.
ABK:
Can you see the light flash when you walk in the dark?
Lotus keeps you on the edge of your seat with a spark
Everything arounds crumbling, listen to the sounds
From the center of the Earth rumbling
Can you feel that?
Every place you look you're blinded by a sign
That thunders coming stronger and you're about to die
Hell is dropping faster, rain is burning hot
And the only thing you can do is sit back and watch.
Chorus x4:
I can make it thunder
Kaboom!
(Shake the ground)
Kaboom!
(Looks like rain)
