

What I Need

Jeannie Ortega

What I need

What I need[verse 1]

Why can't I just meet a total stranger
Fall in love and live happily ever after
Like the perfect ending to my story
The kind you only see in movies
Things never happen that way, do they
In my reality the love just won't stay
It hurts like hell

What I'm feeling is that the way loves supposed to be
I've had enough, it's like a drug
I can't give up my feeling.
I'm in his plans, my superman, my baby.

[chorus]

All I want is someone
That could hold me down
That's gon' be around
When I need him
Givin me that real love
Cause that's what he's about
Someone to ride with me
That's what I need.[verse 2]

I need someone whos sensitive but still thug someone who throws down but still knows how to
show love

A real man, understanding but demanding
So proud and faithful to me

I need to feel like there's someone I could run to
He gives me more of his time then he's got to
Gives me my space when I gotta go and do me
Supports whatever makes me happy
I've had enough, it's like a drug.

I can't give up my feelin.
I'm in his plans, my superman, my baby.

[chorus]

All I want is someone
That could hold me down
That's gon' be around
When I need him
Give me that real love
Cause that's what he's about
Someone to ride with me
That's what I need.[bridge]

All I need
Is something real, to me
Baby, all I want
Is to be happy, in love
(Ohh all I want is someone) someone, that could hold me down
(Hold me down) that's gon be around (be around)
(When I need him) ohh ohh ohh ohh ohhh
(Giving me that real love) giving me nothing but his love
(Cause that's what he's about) ohh oo ohh (someone to ride with me)
(That's what I need) that's what I need
(All I want is someone) what I want is someone
(That's could hold me down) hold me down
(That's gon be around, when I need him) when I need someone
(Giving me that real love) oh oo oh oh oo oh
(Cause that's what he's about) he's about
(Someone to ride to me, that's what I need) that's what I need That's what I need
That's what I need
