

# This Old Thing

Kree Harrison

Don't try to tell me that anything's changed  
You ain't gonna sell me saying back in the day  
But things were different, it was always this way  
Cause we're still waxing them cars  
Shining them shoes, getting dolled up  
Putting on rouge  
Everything but playing it cool, playing it cool  
Ain't nothing new, I'm just saying  
Still no rules in this game that we're playing  
We're all out here moving and shaking  
For this old thing, this old thing  
Yeah, for this old thing, this old thing  
Keep winking at me from across the room  
Spin me around, and around, and around  
Like they used to do  
Yeah, pull me in close  
Close as you can  
Small of my back, palm of your hand  
If you want more do it again, do it again  
Ain't nothing new, I'm just saying  
Still no rules in this game that we're playing  
We're all out here moving and shaking  
For this old thing, this old thing  
Yeah, for this old thing, this old thing  
Don't it look good on ya? (This Old Thing)  
Feel like it should, Darlin'? (This Old Thing)  
Don't it look good on ya? (This Old Thing)  
Don't it look good on ya?  
Keep on, keep on waxing them cars  
Shining them shoes, getting dolled up  
Putting on rouge  
Everything but playing it cool, playing it cool  
Ain't nothing new, I'm just saying  
Still no rules in this game that we're playing  
We're all out here moving and shaking  
For this old thing (This Old Thing), this old thing  
Yeah, (This Old Thing) For this old thing, this old thing  
Don't it look good on ya?  
Feel like it should, Darlin'?  
Don't it look good on ya?  
Hey, Keep on, keep on  
Don't it look good on ya? (This Old Thing)  
Feel like it should, Darlin'? (This Old Thing)  
Don't it look good on ya? (This Old Thing)(This Old Thing)  
(This Old Thing)  
(This Old Thing)  
(This Old Thing)  
(This Old Thing)
