

# So Ready

Raphael Saadiq

[Verse 1]

I never come home at night  
And you stay by my side  
But then I broke your heart  
I went too far  
I'm still out here living wrong  
These drugs was too strong  
And then I broke your heart, my friend  
I went too far  
I'm still out here lyin'  
But inside, I'm dyin'  
Then I broke your heart, my friend  
I went too far  
Yes, I've never been

[Chorus]

(So ready)  
(So ready)  
(So ready before)  
And then I broke your heart, my best friend  
(So ready)  
I went too far (So ready)  
(So ready, before)

[Verse 2]

I felt myself so alone  
The blow was too strong  
And then I broke your heart  
I went too far  
I move to the key of Brooklyn  
Your love is where it's at  
But then I broke your heart, my baby  
I went too far  
Girl, I never

[Chorus]

So ready (So)  
So ready (So)  
So ready before  
And then I broke your heart, my baby (So ready)

Ready, before (So ready before)  
Girl, I never been  
So ready (Been)  
So ready (Been)  
So ready before (Been)

[Bridge]

But then I broke your heart, so foolish (So ready)  
I went too far (So ready before)  
Girl, I never been (So ready)  
(Ready before)  
(So ready before)  
But then I broke your heart, so foolish  
I went too far (So ready before)  
No, I've never been

[Chorus]

Again, I broke your heart, so foolish (So ready)  
I went too far (So ready before)  
Didn't mean to do it, baby  
No, no  
Didn't mean to do it, baby (So ready)  
I went too far  
Girl, I never been (So ready)  
(So ready)  
(So ready before)  
It's no one's fault but mine, baby (So ready)  
I went too far (So ready before)

[Outro]

Come look into my mind  
Can someone heal my soul?  
I'm losing all control  
My love will never change
