

On the Loose

Niall Horan

I know what she's like
She's out of her mind
And wraps herself around the truth
She'll jump on that flight and meet you that night
Make you tear up the room Yeah, she loves when everybody's watching
She knows the way her body moves
She loves the way they all crawl back when she says
She loves nobody else but you She's on the loose (she's coming, she's coming)
She's on the loose
She's coming, she's coming for you
She's on the loose (she's coming, she's coming)
She's on the loose
She's coming, she's coming for you
She'll dance in the dark
A real work of art
Her eyes could burn down the room
So get out while you can
You don't understand
She doesn't know how to lose Yeah, she loves when everybody's watching
She knows the way her body moves
She loves the way they all crawl back when she says
She loves nobody else but you She's on the loose (she's coming, she's coming)
She's on the loose
She's coming, she's coming for you
She's on the loose (she's coming, she's coming)
She's on the loose
She's coming, she's coming for you
She'll run with your mind to pull you in tight
Then trade you in for something new
I know what it's like, I fell for it twice
And now I'm just warning you She loves when everybody's watching
She knows the way her body moves
She loves the way they all crawl back when she says
She loves nobody else but you She loves when everybody's watching
She knows the way her body moves
She loves the way they all crawl back when she says
She loves nobody else but you She's on the loose (she's coming, she's coming)
She's on the loose
She's coming, she's coming for you
She's on the loose (she's coming, she's coming)
She's on the loose
She's coming, she's coming for you

She's on the loose
She's on the loose
