

2 Kinds

TiRon & Ayomari

[Chorus]

Two kinda girls

You know the ones I'm talkin' bout

Never get ahead, getting all that she wants

Two kinda girls

Tell me if you see em now

Two kinda girls

Two kinda loves

The winners and the losers now

Everybody knows it don't gotta be fair

Two kinda loves

Tell me if you want it now

Two kinda loves

[TiRon]

Didn't you know?

Did you feel the world turn?

Did the feeling move your soul?

So whats the reason for the

Tell me the reason for the

Tell me the reason for the no no no no no

Cause you and me were made to yeah yeah yeah yeah yeah

Get off the wall and let it go go go go go

T-T-T-Turn it out

T-T-T-Turn it out

T-T-T-Turn it out!

[Chorus]

Two kinda girls

You know the ones I'm talkin' bout

Never get ahead, getting all that she wants

Two kinda girls

Tell me if you see em now

Two kinda girls

Two kinda loves

The winners and the losers now

Everybody knows it don't gotta be fair

Two kinda loves

Tell me if you want it now

Two kinda loves

Wooooo0000

Two kinds

Wooooo0000

Two kinds

[Ayomari]

Mmmm, nah

Ain't this some shhh

On the low, on the low the finest girl just walked up in the diner

Flyer than a pilot pilot

Made the whole room quiet (shh shh)

[TiRon]

Looka here, looka here, looka here

My dear, more bubble than the beer I'm drinking

More trouble than a teardrop tattoo

[Ayomari]

Too fly, too fine I swear

[TiRon]

Talkin bout the girl right there

[Ayomari]

Talkin bout the Betty Boop-oop

Chicken noodle soup

[TiRon]

For the soul

In the hole, ally oop

Ala mode

Yo, she got the truth

[Ayomari]

She kinda sweet, and I got the tooth

Banana-nana-nana split

Ugh, nana-nana

[Chorus]

Two kinda girls

You know the ones I'm talkin' bout

Never get ahead, getting all that she wants

Two kinda girls

Tell me if you see em now

Two kinda girls

Two kinda loves

The winners and the losers now

Everybody knows it don't gotta be fair

Two kinda loves

Tell me if you want it now

Two kinda loves

Wooooo0000

[Outro]

You

You should learn to love love two

Two kinds

Hey you

You should learn to love love too

Two kinds

It's true (it's true)

Hey you (hey you)

You should learn to love love two

It's true (it's true)

Hey you (hey you)

You should learn to love love too
