

# Hurt (NGHTMRE Remix)

Oliver Tree

[Intro]

My day will come, I gave too much  
I sold my soul, I'm waiting for my pay in full  
I only want, your dying love, I've seen enough

[Hook]

I tried but, I don't think so, maybe it was me who was fucking up  
I gave all I could give but, it seems like it never really was enough

[Bridge]

I'm sorry if I hurt you  
I'm sorry if it got that bad  
I'm sorry I can't help you  
Somebody should've had your back

[Hook]

I tried but, I don't think so, maybe it was me who was fucking up  
I gave all I could give but, it seems like it never really was enough
