

# Strength of a Woman

## Shaggy

Uh, wow, uh, hm, ya, SHAGGY!  
Uh, yeah

This one goes out to all my women  
My strong women  
Uh

So amazing how this world was made  
I wonder if God is a woman  
The gift of life astounds me to this day  
I give it up for the woman  
She's the constant wind that fills my sails  
Oh, that woman  
With a smile and a style  
She'll protect you like a child  
That's a woman

Chorus:

She'll put a smile upon your face  
And take you to that higher place  
So don't you underestimate  
The strength of a woman  
The strength of a woman

Woke up this morning  
Got up with the scent of a woman  
So picture if you would what life would be  
... ain't much good without a woman

She can nag and be a constant pain  
Oh, that woman  
But those hips  
She's got me whipped  
And it's just too hard to resist  
What a woman

Chorus:

She'll put a smile upon your face  
And take you to a higher place  
So don't you underestimate

The strength of a woman  
The strength of a woman

Tender lips that's so so sweet  
Gentle words she softly speaks  
Such an angel when we meet  
God bless the ground beneath her feet  
She can take you on a high  
Be your comfort when you cry  
But if you look into her eyes you'll see  
The strength of a woman  
The strength of a woman

Chorus:

She'll put a smile upon your face  
And take you to a higher place  
So don't you underestimate  
The strength of a woman  
The strength of a woman
