

Our God

The Cross Movement

[Intro]

Yeah Lord! (Yeah Lord!)
Can we tell 'em about you? (Can we tell 'em about you?)
I know they don't know (I know they don't know)
But they listening right now so we might as well (But they listening right now so we might as well)
We just gonna talk about You (We just gonna talk about You)
We gonna vibe wit' You (We gonna vibe wit' You)
Help 'em vibe wit' you Lord (Help 'em vibe wit' You Lord)
They prolly never heard (They prolly never heard)

[Verse 1]

You prolly never had the living God unpacked
Unpacked by some rapper the living God don' jacked, jacked
For His own purpose, you know it's seems to bug
People the way He mends though he picks up scrubs, scrubs
Like you won't like me, but enough of this intro
Introducing this God, gotta give up for this info
Info all about the One that the texts calls 'Yahweh'
Yahweh is the I AM, He had a Son come our way
Our way to Yahweh is the man Christ Jesus
Jesus is the Son Yahweh sent to man, Christ breezes
Breezes to another person known as God the Spirit
The Spirit is the third person of the God Head, hear it
Here it is, the foundation, God's Triune
This things hard, hard to lay out in sixteen bars
Bars of truth about God, doesn't this seem odd?
A rapper would bring truth heavy as 16 cars

[Chorus]

Our God!
I decided to write, I acquired a mic
I want your eye on the Christ
'Cause he is our God!
Ain't nobody like Him, that's just why we like Him
Plus we got our life from
Jesus our God!
We won't stop till every block is listenin'
He's on top, 'cause on top is His proper place
'Cause this our God!

What other God would cop from every race
Of people so we could show off His grace
No one but our God!

[Verse 2]

You ever heard the word attributes?
Attributes describe, God's got so many vibe, some of them I have to shoot
Shoot, eternity just to start it off
Off the timeline, he was here before he started all
All-knowing, all-powerful, all present, yes, yes
These are the omni's of God, He's heaven's best
In every way, in every class His very breath
Creates and sustains every day and every step
Step with me, get with me, you know I'm movin' y'all
I'm movin' y'all, to see the sovereign Lord who proves it all
It all comes closer as sin comes to the forefront
Front if you want His grace and mercy, we all want
We all want love, but none of us want wrath
Wrath is in the package, the enemy won't last
Last, but not least He's beautiful
Holy, He's just, transcendent, He's immanent plus immutable

[Chorus]

Our God!

I decided to write, I acquired a mic
I want your eye on the Christ
'Cause he is our God!
Ain't nobody like Him, that's just why we like Him
Plus we got our life from
Jesus our God!
We won't stop till every block is listenin'
He's on top, 'cause on top is His proper place
'Cause this our God!
What other God would cop from every race
Of people so we could show off His grace
No one but our God!

[Verse 3]

I kick this for you, though it bores you, isn't it disloyal
To dis God, when this God picked us from soil
Soil was given the shine like he dipped us in oil
Oil is the sign of God's Spirit who boils
Boiling, hot flashes is what he gives, it's for you
For you to give it back, Lord, let this adore you
A door to this God is all narrow is all, get out
Get out, is what you hear to narrow tree, spit out
Spit out the lukewarm, the lukewarm
Those who really don't know, the God of Matthew, Mark, Luke, John
But now you have life, so does the Ambassador

Ambassador uses the mic just like a rapper does
A rapper doesn't usually recite the story of
His story of Him, who gets the sole "Gloria"
Glory to Jesus, the way to the father
Father, now we can call you more than God
We can call you ABBA, You're God

[Chorus]

Our God!

I decided to write, I acquired a mic
I want your eye on the Christ
'Cause he is our God!
Ain't nobody like Him, that's just why we like Him
Plus we got our life from
Jesus our God!
We won't stop till every block is listenin'
He's on top, 'cause on top is His proper place
'Cause this our God!
What other God would cop from every race
Of people so we could show off His grace
No one but our God!
