

On the Low

Aer

[Chorus- David]

Cause girl if you wanna stay over you should keep it on

the low oh-oh oh-oh

Keep it on the low oh-oh oh-oh

[Verse 1- Carter]

Girl you need to keep it on the low

You want our spot to be blown?

You know my thinking's clearer after dark

Get the lights off that's the best part,

And I know, that this has been a long time coming,

But there's a twenty deep list of people who I swear

wouldn't find this shit funny,

If you've got the same intentions as me, I won't end up

running,

Cuz you'll keep your mouth shut, you know I'll keep

your tongue in,

I don't want lies, I just want time to lay you down,

get hypnotized,

Making every little minute that she with me a prize,

secret's got an upside,

Don't get pissed, no slammed doors, feeling good,
nothing more,

Girl I love what we got, you gotta,

[Chorus- David]

Keep it on the low oh-oh oh-oh

Keep it on the low oh-oh oh-oh

[Verse 2- Carter]

What's next? I'll come by later, now you're with your
friends so,

Do us a favor and delete this text,

I don't fuck with the stress, look at what I got in my
Guest,

It's a pack of king papers, a bag of bad behavior, to
take you away from this mess,

Girl I can't fall in love with you, I've seen that side
of me before,

If you like our location under the radar, then lay low,
and say nothing,

If they ask I'mma stay,

Ducking them signs, open the blinds, I'm focused on
mine,

Can't fuck with my mind, I don't have the time, I'm
ducking her signs

They gotta

[Chorus- David]

Keep it on the low oh-oh oh-oh

Keep it on the low oh-oh oh-oh

[Bridge- Carter]

And you can come untie all my knots,

And you can get back in to this bed of mine
