

# Until You Were Gone (feat. Emily Warren)

## The Chainsmokers & Tritonal

Thought that I'd be better off if I were on my own  
I tried to put my finger on the moment we were on  
But the taste turned bitter, so I pulled the trigger  
And it's not so easy to move on, I guess I should have known  
Ice cold, I freeze up when I see you  
I left you just to find out that I need you  
So far, I wanna pull you closer  
Wish we could start the whole thing over  
Ever since I've left you, I've been tryina get you back  
And it keep getting worse  
I'm burning on the inside  
and the truth is that I didn't know how good you were  
Until you were gone (gone gone gone gone)  
Until you were gone!  
I always hoping only time would heal your plague  
Yet even though it's been so long, it still hurts just the same  
Now I'm finding that the break was binding  
I take back everything I said, won't you just come home?!

Ice cold, I freeze up when I see you  
I left you just to find out that I need you  
So far, I wanna pull you closer  
Wish we could start the whole thing over  
Ever since I left you, I've been tryina get you back  
And it keep getting worse  
I'm burning on the inside  
and the truth is that I didn't know how good you were  
Until you were gone (gone gone gone gone)  
Until you were gone!
