

Empty Room

Trail of Tears

Empty room

a lonely child

left to suffer

Empty room

and nightmare wild

Never forgotten

I never meant

to do you harm

And if I could reverse our story

I'd never dare

Chorus:

All alone

All alone

I think

and I shiver

What could have been

was never real

I think, and I think

and I shiver

Candles lit

and tearful eyes

But not dreaming

left to suffer

Candles lit

and strangled cries

Never forgotten

(Chorus)

I never meant

to ruin it all

And if I could reverse our story

I'd never dare
