If these niggas can't come up with 10 then they in the way
I'm out of prison, Let me pick up where I left it at
Got my Giuseppe in the game but I ain't finna play
Medusa head hold up my white Barbours

Try to take it watch how quick I send them night crawlers

Tell them boys I said 10 for a feature nigga
I need 10 for a feature nigga

Dig deeper nigga
You want a track go get 10 for a feature nigga
Tell them boys I charge 10 for a feature nigga
Wait a minute I get deeper with it

[Verse 3]

Like huh, That's what you niggas call a team ?
Two bands on my feet, You want to walk with me?
Huh?
Somebody said talk is cheap
I speak a 100 thousand to existence
Come and talk to me
A nigga put his hands on me
Let me stop you there
A nigga raise his voice at me then he out of there
That K will sit you down and spin you like a barber chair
Jet black mink with the hood, Call me PaPa Bear
Stupid ass nigga I need 10 for a feature
If you hear a nigga chased me
I was running to a heater
Pop and leave his head hot
Somebody check him for a fever
Shout to my bitch and the bitches that want to be her nigga
Me and that boy Curry got some shit in common
Last night we put up thirty niggas couldn't stop us
He put up thirty point's, I put up thirty thousand
Them niggas be shooting hoops

We be shooting choppas

[Chorus]

Go tell them boys

I need 10 for a feature nigga

I need 10 for a feature nigga

Tell them boys I said 10 for a feature nigga

I need 10 for a feature nigga

Like what the fuck is five hunna

Dig deeper nigga

You want a track go get 10 for a feature nigga

Tell them boys I charge 10 for a feature nigga

Wait a minute I get deeper with it
