

Wink

The Voidz

[Intro]

I see the writing on the wall
I was playing it too safe
Playing it too safe is dangerous
All the things that kept me going
Was all the things that slowed me down
I see the writing on the wall

[Verse 1]

I thought it was here, but it's not my fault
You said it was there, but it's not over there
Oh, fuck yeah
It's gonna be somewhere you'll see

[Chorus]

I don't wanna know
Guess we could make up stuff to talk about
Woah oh oh oh oh oh

[Verse 2]

I wanna put you in my crocodile mouth
And drag you to the bottom of my swamp
Oh, fuck yeah
It's gonna be something to see

[Solo]

[Bridge]

I don't really know where I'm going
Not sure that I wanna be knowing
Everyone's the hero in their made-up movie life
I was playing it too safe I see
Playing it too safe is dangerous
Maybe not for me but for them

[Verse 3]

People who do not do anything know
Exactly where all their time is going
Oh, fuck yeah

Gonna be— happier maybe

[Verse 4]

People in the wrong bodies, mountain broken like a heart
Drive a highway through you like a rainbow arc
It's all over there, oh somewhere
It's gonna be, cheap, maybe free

[Outro]

Stay a while
I never wanted it to go that way
Say it in a while
A plane flies through the moon
Or we could think of things to talk about
Save it in a pile
Woah oh oh oh oh oh oh oh
