

# For the World (feat. James Fauntleroy)

## The Internet

Cigarettes and sex are on the breath again  
It's cool, i'm the same, the way we kiss  
Girl you're special, I wanna protect  
you and I'll kill so you could live  
But when the first body went down, you wouldn't tell me that I know it again  
I'd rather lay it down and get back cuz killin' is a sin  
We're chillin instead, give me a kiss  
Girl It not for me  
For the world  
False arrest, unrest, was on the docket  
It's cool, at least that's what CNN says  
Hirl you're special, I wanna protect you and I'll kill so you could live  
But when the last body goes down, it won't make any sense  
I'd rather lay you back, down on your back, then killin' and shit  
Chillin' and shit, give me a kiss  
Girl It not for me  
For the world  
It not for me  
For the world  
For the world  
Just do it like ya love me babe  
Do it like ya love me babe  
Don't you wanna love me babe  
Aw yeah  
Just do it like ya love me babe  
Do it like ya love me babe  
Do it like ya love me babe  
Aww yeah  
Do it like ya love me babe  
Do it like ya love me babyEND
