

# Dying from a Broken Heart

## Brooke Valentine

(Verse 1)

To whom this may be concerned  
To those who may want to learn  
I'm writing this to you  
The reason I won't be here no more (no more)  
Reason I won't live I yearn (I yearn)  
The reason I won't be on this earth  
Cause I will die if you were to leave (Chorus)  
Oh, look what you've done  
It's like a disease  
I'm dying from a broken heart  
Oh, look what you've done  
Your the remedy  
I'm dying from a broken heart

(Verse 2)

Some may not understand the words I sing  
They have no idea how that feels me  
They don't know why I'm an angel in my dreams  
'Cause if you leave me babe I will die  
With this broken heart I can't survive  
I need you in my life  
It would kill me if you were to leave  
(if you were to leave baby) (Chorus)  
Oh, look what you've done  
It's like a disease  
I'm dying from a broken heart  
Oh, look what you've done  
Your the remedy  
I'm dying from a broken heart

(Bridge)

I'm losing time, I need you here  
Don't walk away, Won't you please help me  
'Cause I'm beggin', I'm on bended knee  
Won't somebody come and rescue me I'm pleading, I'm on bended knee  
I can't make it with out you next to me  
Can somebody come and save me  
Can somebody come and set me free (Chorus)  
Oh, look what you've done  
It's like a disease  
I'm dying from a broken heart  
Oh, look what you've done  
Your the remedy

I'm dying from a broken heart(Bridge Outro:)  
I'm loosing time, I need you here  
Don't walk away, won't you please help me  
'Cause I'm begging, I'm on bended knee  
Won't somebody...
