

Someone Great

LCD Soundsystem

...

I wish that we could talk about it
But there, that's the problem
With someone new I couldn't start it Too late for beginnings
The little things that made me nervous
Are gone in a moment
I miss the way that we used to argue Locked in the basement

...

I wake up and the phone is ringing
Surprised as it's early And that should be a perfect warning
That something's a problem
To tell the truth I saw you coming
The way you were breathing
But nothing can prepare you for it
The voice on the other end

...

The worst is all the lovely weather
I'm stunned it's not raining
The coffee isn't even bitter
Because, what's the difference
There's all the work than needs to be done It's late for revision
There's all the time and all the planning
And songs to be finished
And it keeps coming, and it keeps coming, and it keeps coming 'til the day it stops
And it keeps coming, and it keeps coming, and it keeps coming
'til the day stops
And it keeps coming, and it keeps coming, and it keeps coming, and it keeps coming, and it
keeps coming, and it keeps coming, and it keeps coming
'til the day stops

I wish that we could talk about it But there, that's the problem
With someone new I couldn't start it
Too late for beginnings
You're smaller than my wife imagined Surprised you were human
There shouldn't be this radio silence
But what are the options

When someone great is gone, when someone great is gone, when someone great is gone, when
someone great is gone

When someone great is gone, when someone great is gone, when someone great is gone, when
someone great is gone

We're saved
For the moment
Saved

For the moment
