

# Dreaming (feat. Nevve)

## Taska Black & Nevve

Dreams come alive  
I know a place inside  
Where all your cravings hide  
No reason left to fight  
Cause dreams come alive  
So far away from you  
But if you want it too  
Know you can close your eyes  
Cause dreams come alive  
Dreams come alive  
I know a place inside  
Where all your cravings hide  
No reason left to fight  
Cause dreams come alive  
So far away from you  
But if you want it too  
Know you can close your eyes  
Cause dreams come alive  
Dreams come alive
