

Never Be the Same (feat. Rosie Darling)

Tritonal

How come that love is so cruel, is so evil?
I wanna hide in the dark
I keep patching up the walls of my egoBut not the holes in my heartI'm six feet underground,
but I'm breathing
Heavy is the thought of my freedom
There's something inside me that wants to get out
I can feel it, I'm feeling it nowI'm changing, if only just a little
I'm breaking, it hurts to let it heal
I'll never be the same
No, I'll never be the same'Cause I'm changing, if only just a little
I'm breaking, it hurts to let it heal
I'll never be the same
No, I'll never, never, never
No, I'll never be the same
No, I'll never be
No, I'll never be the same
No, I'll never be
No, I'll never be the same
No, I'll never be
No, I'll never, I'll never be the sameHow come silence is so loud in the shadows?
I wanna scream 'til it's on
Tell my feet they should run, but they don't follow
I think it's time to get outI'm six feet underground, but I'm breathing
Heavy is the thought of my freedom
There's something inside me that wants to get out
I can feel it, I'm feeling it now
I'm changing, if only just a little
I'm breaking, it hurts to let it heal
I'll never be the same
No, I'll never be the same
'Cause I'm changing, if only just a little
I'm breaking, it hurts to let it heal
I'll never be the same
No, I'll never be the sameAnd it feels good
And it feels good
And it feels good
And it feels good
To feel that I'm changingNo I'll never be the sameNo I'll never be the same
