

Pain (feat. Iggy Pop)

Danger Mouse & Sparklehorse

Ow! Ow!

A massive headache in my aging skull
Means I do not feel well

Pain, pain, pain
Bad brains must always feel pain

The problem started with my attitude
It's all lust, direct and crude
There are good people in this world of bums
But, sadly, I am not one

Pain, pain, pain
That's why I'll always be in pain

Good karma will not get you anywhere
Look at Jesus and his hair

Pain, pain, pain
Bad brains must always feel pain

Justice, religion, and success are fake
And the shiny people stink

Pretty creepy, pretty funny
I'm a mix of god and monkey
Pain, pain, pain
To feel pain is all that will remain
Pain, pain, pain, pain, paaaaaaaain

Pain
Pain
Et cetera, I give up, I quit!
