

Too Much to Ask

Niall Horan

[Verse 1]

Waiting here for someone
Only yesterday, we were on the run
You smile back at me and your face lit up the sun
Now I'm waiting here for someone

[Pre-Chorus 1]

And oh, love, do you feel this rough?
Why's it only you I'm thinking of?

[Chorus]

My shadow's dancing
Without you for the first time
My heart is hoping
You'll walk right in tonight
To tell me there are things that you regret
'Cause if I'm being honest, I ain't over you yet
It's all I'm asking
Is it too much to ask?
Is it too much to ask?

[Verse 2]

Someone's moving outside
The lights come on down the drive
I forget you're not here when I close my eyes
Do you still think of me sometimes?

[Pre-Chorus 2]

And oh, love, watch the sun coming up
Don't it feel fucked up we're not in love?

[Chorus]

My shadow's dancing
Without you for the first time
My heart is hoping
You'll walk right in tonight
To tell me there are things that you regret
'Cause if I'm being honest, I ain't over you yet
It's all I'm asking

Is it too much to ask?

[Bridge]

My shadow's dancing
Without you for the first time
My heart is hoping
You'll walk right in tonight
And tell me there are things that you regret
'Cause if I'm being honest, I ain't over you yet

[Chorus]

My shadow's dancing
Without you for the first time
My heart is hoping
You'll walk right in tonight
And tell me there are things that you regret
'Cause if I'm being honest, I ain't over you yet
It's all I'm asking
Is it too much to ask?

[Outro]

It's all I'm asking
Is it too much to ask?
It's all I'm asking
Is it too much to ask?
