

# Only Can Get Better (Le Sauvage Remix)

## Silk City

[Chorus: Daniel Merriweather]

Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better

Only can get-

[Post-Chorus: Daniel Merriweather]

Unless we feel  
Unless we feel  
Unless we feel  
Start to feel it  
Feel it, ooh babe

Feel it, hey, feel it [Chorus: Daniel Merriweather]

Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better

Only can get-

[Post-Chorus: Daniel Merriweather]

Feel it, ooh baby  
Feel it, ooh baby  
Feel it, ooh baby  
Feel it, ooh baby

Feel it [Chorus: Daniel Merriweather]

Only can get better  
Only can get better

Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get better  
Only can get-
