

# Hero

## Pivot Gang

[Chorus: Saba]

Nah, I ain't looking for no hero, no, or heroine  
Please don't volunteer, we'll be broke by ourself  
I be worried 'bout the wrong things sometimes, I'll admit  
They ask, "Why you so upset?" I just had to catch my breath  
Nah, I ain't looking for no hero, no, or heroine  
Please don't volunteer, we'll be broke by ourself  
I be worried 'bout the wrong things sometimes, I'll admit  
They ask, "Why you so upset?" I just had to catch my breath

[Verse 1: Saba]

I just had to catch my breath, I'm back like I never left  
I can't tell a lie or fib, bitch, I'm too young to be depressed  
But we focused on the bag, open sesame, treasure chest  
Don't got no time to get distracted, only focus is to feed the fam  
They might comment on your social  
But they can't love you, they don't know you  
I take the bullshit from around me  
And block it out, I'm like a goalie  
I just deploy it on the podium  
Wrestling demons like Mick Foley 'nem  
And she might leave me on my lonely then  
But she'll be back like I'm with Tony 'nem

[Chorus: Saba]

Nah, I ain't looking for no hero, no, or heroine  
Please don't volunteer, we'll be broke by ourself  
I be worried 'bout the wrong things sometimes, I'll admit  
They ask, "Why you so upset?" I just had to catch my breath  
Nah, I ain't looking for no hero, no, or heroine  
Please don't volunteer, we'll be broke by ourself  
I be worried 'bout the wrong things sometimes, I'll admit  
They ask, "Why you so upset?" I just had to catch my breath

[Verse 2: Frsh Waters]

Prison be stacking my niggas (Yeah)  
We just be packin' our figures  
Makin' our way through the winter  
So many losses, I try to remember but (Never forget)  
That's how we conditioned, self-medicate  
Cope with the cops and they hate  
So many slopes, no skis  
Pivot just stayin' OT (Pivot), we just been movin' on E to the fee  
On three commas, on top of these shows and festivals

Raise up the whole decimal  
Give you the whole vision  
This like the kitchen, I'm cooking up  
If you ain't ate, better get a lunch  
Most of y'all deaf, time to listen up  
Before it's too late, finna run it up  
Ain't no run it back with the runner-up

[Chorus: Saba]

Nah, I ain't looking for no hero, no, or heroine  
Please don't volunteer, we'll be broke by ourself  
I be worried 'bout the wrong things sometimes, I'll admit  
They ask, "Why you so upset?" I just had to catch my breath  
Nah, I ain't looking for no hero, no, or heroine  
Please don't volunteer, we'll be broke by ourself  
I be worried 'bout the wrong things sometimes, I'll admit  
They ask, "Why you so upset?" I just had to catch my breath

[Verse 3: MFnmelo]

No K, but I been near  
That takeoff private like a Lear  
I don't be around no kneel down  
Y'all Colin Kaepernick, still see the sounds  
Like onomatopoeia  
I'm the one to honor here  
Still it's fuck 12, yes, I must yell  
Don't save me, save yourself  
Like Rose in Titanic  
Niggas jump ship but we pivot, no panic  
Still good in the hood like mechanic  
Fuck up a mic, on my Dirty Diana  
Who knew I'd get here off the manuscript?  
Boy, do it yourself, they can't handle it  
This here food for thought, you can have a bit  
That's dinner for two like it's candle-lit

[Chorus: Saba]

Nah, I ain't looking for no hero, no, or heroine  
Please don't volunteer, we'll be broke by ourself  
I be worried 'bout the wrong things sometimes, I'll admit  
They ask, "Why you so upset?" I just had to catch my breath  
Nah, I ain't looking for no hero, no, or heroine  
Please don't volunteer, we'll be broke by ourself  
I be worried 'bout the wrong things sometimes, I'll admit  
They ask, "Why you so upset?" I just had to catch my breath
