What shoes I lace up what pics I'm gon take

I'll run through my whole damn call log  
Cause if you important then you in my call log  
That means I love you yeah that's on my mamas

Lord I thank you for blessing me with this day  
I know according to your word, tomorrow is not promised  
Please forgive me for my sins and allow me to be the light for those that are in darkness
