

Gemini (feat. George Maple)

What So Not

Can you see that?
Is that how you really feel?
When I do that
Is that all you really need?
When I say this
Will you come home?
When I do this
Will you come home? Will you come
will you come
will you come
will you come home?
(Ho.ok) Can you see that?
Is that how you really feel?
When I do that
Is that all you really need?
When I say this
Will you come home?
When I do this
Will you come home? (Breakdown) Will you come
will you come
will you come
will you come home? (Ho.ok)
Can you see that?
Is that how you really feel?
When I do that
Is that all you really need?
When I say this
Will you come home?
When I do this
Will you come home?
