

White Wine

Lil Peep & Lil Tracy

No one by my side
'Til this pretty young white bitch hopped up in my ride
Skrrt, skrrt, skrrt
Every night
No one by my side
'Til this pretty young white bitch hopped up in my ride
(Goth Boi Clique)
Took her to the crib and I show her how I die
Everynight
(Fuck, fuck... bitch)
I had no one by my side
Till this pretty young white bitch hopped up in my ride
Took her to the crib and I show her how I die
Every night, then I wake up and I'm still fuckin' high
Lord why, Lord why do I gotta wake up?
More wine, more wine, baby pour another cup
Lord why, Lord why do I gotta wake up?
More wine, more wine, baby pour another cup
AyoI just dropped a pill in my champagne
She said she love me she don't even know my real name
Hoppin' out the Uber on a Friday
Got that bitch her Gucci bag, got bags of cocaine
I've been living life my way
I can't fuck with you if we weren't friends on Myspace
Lord why, Lord why do I wanna die?
I'mma get a Maserati just to take my life inside
Baby sip this wine, tell me are you down to ride
Cause when I get a castle I won't let no one inside
I'm so magical my wrist glisten in your dreams
Skinny nigga up next countin' guap with LiL PEEP, yah
I had no one by my side
Till this pretty young white bitch hopped up in my ride
Took her to the crib and I show her how I die
Every night, then I wake up and I'm still fuckin' high
Lord why, Lord why do I gotta wake up?
More wine, more wine, baby pour another cup
Lord why, Lord why do I gotta wake up?
More wine, more wine, baby pour another cup
Ayo
