

# Anything But Love

## Ingrid Andress

[Intro]

Ooh, ooh, ooh (Anything but, anything but love)  
Yeah-yeah

[Verse 1]

One more whiskey sip 'til this bottle  
Turns into a phone call  
One more cigarette 'til this parking lot  
Turns into your front lawn (Anything but, anything but love)  
My over you turns into comin' over  
Every step away from you is one step closer

[Chorus]

Why won't this heart turn to stone?  
Why won't this fire grow cold?  
You moved on and you're okay  
But I can't even find a way, to say goodbye  
'Cause every time I try  
I always feel the same damn thing  
And it'll change to anything but love  
Oh why can't it be anything but love?  
(Anything but, anything but love, ooh, oh-oh, oh  
Anything but, anything but love)[Verse 2]

Water into wine

Maybe that's the kind of miracle I need (Hmm, hmm)  
'Cause the park turns into drive  
It's gonna take the hand of God, to stop me  
Never again turns into one more time (Never again, never again)  
And my level head turns into out of my mind

[Chorus]

Why won't this heart turn to stone?  
Why won't this fire grow cold?  
You moved on and you're okay  
But I can't even find a way, to say goodbye  
'Cause every time I try  
I always feel the same damn thing  
And it'll change to anything but love (Anything but, anything but love)  
Oh, why can't it be anything but love?

[Bridge]

(Anything but, anything but love)  
It could be hate, it could be hurt

It could just fade away  
I'd still be a mess but anything less  
And maybe I'd be okay  
(Anything but, anything but love, yeah)

[Chorus]

If this heart turned to stone  
If this fire went cold  
You moved on and you're okay  
But I can't even find a way, to say goodbye  
'Cause every time I try  
I always feel the same damn thing  
And it'll change to anything but love (Anything but love, anything but love)  
Oh, why can't it be anything but love? (Anything but love)  
Yeah, why can't it be anything but, love? (Oh-oh)

[Outro]

Ooh, woah
