Back wit amazon heats to smash through the streets

Banging like bongos and congas amongst the beast and natives

Super freaks to gamblers and thieves

Getting my little money right, hands in the grease
Orchestrating royal shit to bring the world closer
Po keeps talking dimes, I want it like oprah
No time to fuck around I'm doing what i'm suppose to
Girls going wild with ma guns up in their holster
Box cut them chops from queens to the ox
Rock party like swats, infrared beam dots [?]
Cops downtown will lay your shoes with ruffles
Shoes [?] got ma folks screaming fuck the fools
Whenever I bust to feel it is a must
